He doesn't appear to be a tourist ...
Japanese people are the ones that carry flags and walk around grouped in lines, right?
Chi-nese ...? No, Japa-nese?
If not to sight-see, why would an Asian person be here alone?
3

H-hey.
ガチャ
Well then, Russo, thanks for the lunch.
I'll put the tab here.

Marchese-san is dining. He wishes to have the balcony seat that faces the sea.
Heh, heheh... pardon me, Sir Marchese.
Give it up, idiot, get going...
I'm telling you to kick out all of your customers, Russo.
You can sit where you like.
5
I refuse.
I won't kick out customers who haven't finished eating their food.
ガチャ。

Russo, do you realize how you're speaking to Marchese-san?
What did you say just now?
"Ah"
And
I'm saying Sicilian men can't obey the words of men who've defiled honour!
Russo, gramps, your story is that your uncle's family worked as subordinates for a long time.
Shouldn't you know how contempt takes its toll on the "proud men" of Sicily?

I'm leaving already; if that's the seat you want, it's free.
So stop, already.
Stop!
Shut up, old man!
ガッ
Leave... this doesn't concern outsiders.
I said stop!

You, Asian, huh... where are you from?
Ja-pan.

Keh ...
What's wrong, samurai? Or is it yakuza?

You can even endure in your right arm?
You haven't moved it even a bit for some time.
Unh ...
I've heard that yakuza cut off their own fingers!
Just stop ...!!

Tate Karito ...
Tate ...
Kai ...?
Can you hear me? Inspector Tate?!
Super-intendent Kai, please stop! Right now, he's ...
What ... hap-pened to me?
Did I succeed in disas-sembling it...?!
What about the bomb "Butter-fly" set ...?

I don't feel anything ...
My right arm ...
And Masato ...?
bear Masato

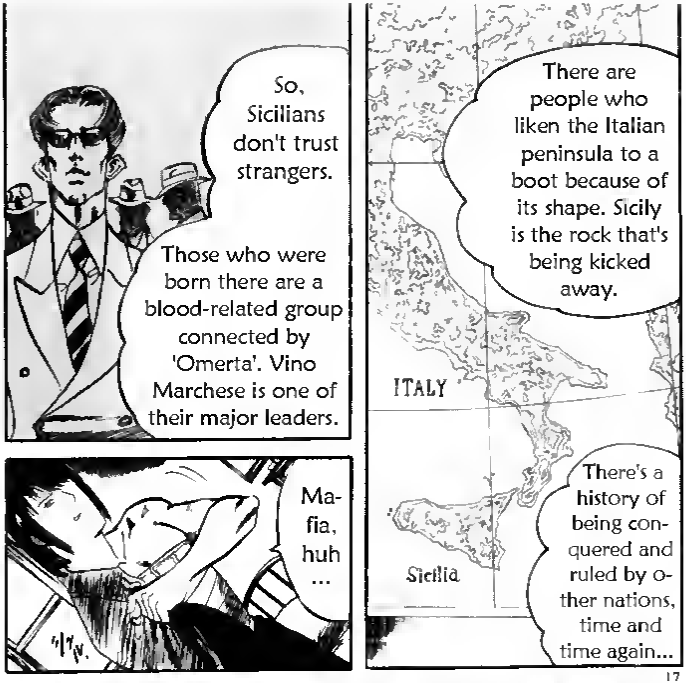
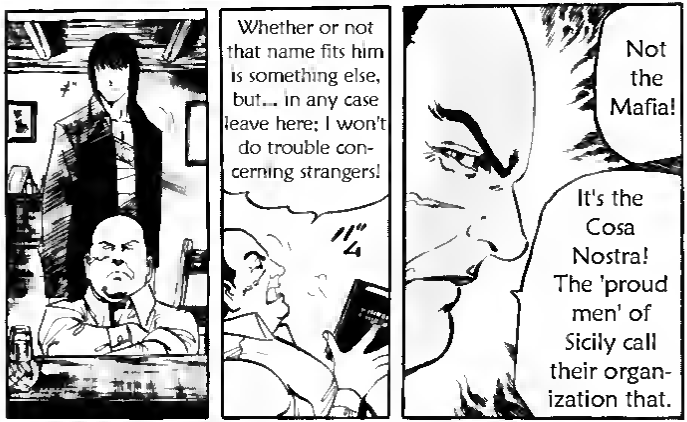
うあああああああ

Vino Marche-se is an expert with the stiletto.
You finally woke up, huh...
You should be careful. This town is a sight-seeing area, but strangers are hated.
ITALY
If not for your artifi-cial arm, you likely would've lost all the fingers on your right hand.

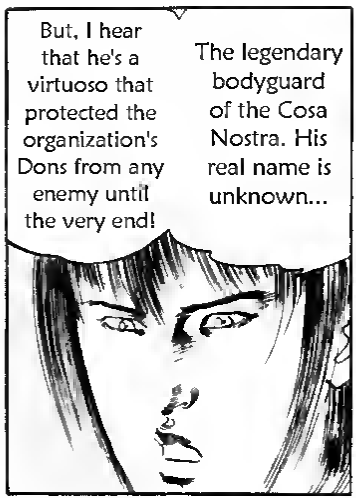


So, Sicilians don't trust strangers.
Those who were born there are a blood-related group connected by 'Omerta'. Vino Marchese is one of their major leaders.
There are people who liken the Italian peninsula to a boot because of its shape. Sicily is the rock that's being kicked away.
ITALY
Sicilia
There's a history of being conquered and ruled by other nations, time and time again...
Ma-fia, huh ...
17

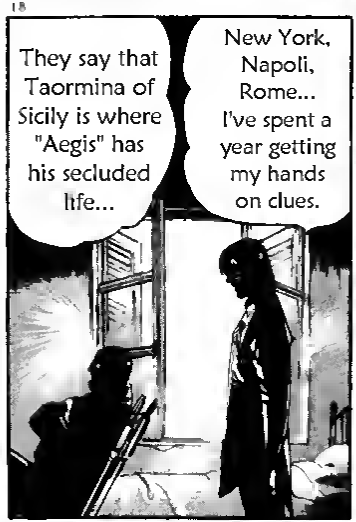


Whether or not that name fits him is something else, but... in any case leave here; I won't do trouble concerning strangers!
Not the Mafia!
It's the Cosa Nostra! The 'proud men' of Sicily call their organization that.

TL "Aegis" here is written as "aigisu", instead of the usual "i~jisu"



But, I hear that he's a virtuoso that protected the organization's Dons from any enemy until the very end!
The legendary bodyguard of the Cosa Nostra. His real name is unknown...



They say that Taormina of Sicily is where "Aegis" has his secluded life...
New York, Napoli, Rome... I've spent a year getting my hands on clues.

I'm begging you! Please tell me where "Aegis" is!
Now, I believe! You would know, well informed about the Cosa Nostra as you are!
I want his capabilities! For the purpose of...
my "revenge" ...!!
He died... already many years ago...
"Aegis" ... so it's about him, huh...
!

There's a gravesite in the cemetary near the Teatro Greco... you should go if you want to.
The man called "Aegis" died long ago...
and you absolutely cannot catch me ... what am I?
Your eyes can't see me, but I'm right in front of you. When you touch me with your hand, I turn into something else...
...

Hey, answer the riddle?
